

Houlihan's cooks from scratch using superior quality ingredients, including local delivery of fresh produce every morning. Real food—without all the preservatives and ingredients you can't pronounce—is what you can and should expect from our kitchen. Sounds like a given? You'd be surprised at the number of pre-cooked ingredients most restaurants use in preparing their dishes. We think real cooking, with pure, quality ingredients is a big part of maintaining a balanced diet and healthy lifestyle. Our menu offers dishes both indulgent, sharable, and on the lighter side for those looking for fare lower in calories. Please note that menu items do vary by location and the availability of produce and other ingredients. You can view any specific restaurant's menu via the drop-down box within the 'Eats' section of our website.
